Contractor's Package Contract

1. CHARGES & PAYMENTS:

The cost of this service is **\$216 + Fuel Sur-Charge**. You will receive a construction 6 yard dumpster with 6 pick ups. You will be charged \$27 for each additional pickup once you hit your maximum allowed amount. The dumpster will be checked twice a week and emptied when full or when requested by the customer. The dumpster will be picked up after four (4) months, unless other arrangements are made with our office.

2. PICK UP DAYS:

Your scheduled pick up day(s): **Mon.** **Tues.** **Wed.** **Thur.** **Fri.** The driver will only empty the dumpster when it is full, or if you call requesting it to be emptied. The driver keeps a log of every time the dumpster is emptied. If your scheduled pick up day falls on Christmas and/or New Years, you will be emptied later that week. If you were not emptied on your scheduled day due to weather conditions, we will do our best to go back when it clears up.

3. FULL DUMPSTER:

The dumpster is considered full when the trash is level with the rim of the container. Overfilling the dumpster is unacceptable. Do not let boards, tree limbs, boxes, or any materials hang over the sides. Load the dumpster evenly to avoid problem. **You will be responsible for unloading over-loaded containers.**

4. OBSTACLES:

It is the customers responsibility to keep the area around the dumpster(s) clear to allow our heavy oversized trucks enough room to drive up and empty the dumpster(s). If the driver is unable to empty the dumpster because there are obstacles in the way, you will be emptied on your next pick up day. Also, our dumpsters are not to be moved by anyone other than our employees. Please call our office if you need the dumpster(s) moved.

5. NONCONFORMING WASTE:

Liability for nonconforming waste shall remain with the customer at all times. Nonconforming waste consists of, but not limited to as followed: Steel, tires, batteries, appliances, dirt, bricks, tile, paint, concrete, gravel, bio hazardous waste, antifreeze, pesticides, and anything else the landfill will not accept. If you have a questionable item, please call us at 520-466-6001 prior to putting it in the dumpster. We have Roll-Off Containers that can carry steel, some appliances, dirt, bricks, tile, concrete, and gravel. Give us a call for pricing.

6. CUSTOMER AGREES:

Customer shall indemnify, hold harmless and pay or reimburse A.C. Sanitation Service, LLC for any and all costs, damages and/or fines incurred as a result of putting nonconforming waste in the dumpster. Customer warrants that any right-of-way provided by Customer from Customer's equipment location to the most convenient public way is sufficient to bear the weight of all of the Contractor's equipment and vehicles reasonably required to perform the service herein contracted. Contractor shall not be responsible for damage to any private pavement or accompanying sub-surface of any route reasonably necessary to perform the services herein contracted.
